## ALL WELCOME

This is a conference not only for those who have supported Mission Africa for many years, but it will be of interest to those who have served in Africa on short term mission or have an interest in Africa but have never been. Everyone will be most welcome and we look forward to seeing you there.

## SPEAKERS

**Jeremy & Rachel Nash** have recently returned from 13 years of serving God in Burkina Faso. They were involved with Church Planting with the Dagari people, helping to start new churches, train new pastors, disciple new christians and serve the Dagari community in practical ways.

They will be reflecting and rejoicing about how God has been working in Burkina Faso and sharing what the future holds for them.

We encourage those who have been praying and supporting the Nashes to come and celebrate how God has blessed their work.

**Hallur & Shino Mortensen** are Mission Africa's newest missionaries. Hallur is from the Faroe Islands and Shino is from Japan, but they have spent much of the last 5 years studying in Scotland. They will be sharing their story, as well as telling you something of what they will be doing as they teach theology in Kogi State.

There will also be opportunity to hear from home based staff and from a sample of those involved in short-term mission trips to Africa in the past year.
